

20 November 2017

To whom it may concern;

Aimetis, a Senstar company, is a software company offering integrated intelligent video management solutions for security surveillance and business intelligence applications. The company is a global leader in intelligent video technology and is propelling the adoption of video analytics as an integral component of video management solutions. Aimetis products are based on innovative, open technologies that provide customers with a single platform for migrating from analog video to intelligent IP video solutions.

Promise Technology is the developer of the open storage platform for IP video surveillance. Promise is active in all of the key video surveillance segments and is able to provide a solution for deployments of any size – from standalone server appliances to scale-out storage solutions for large deployments and video surveillance cloud services. Promise's solutions support a wide range of IP cameras and Video Management Software, including Aimetis. Promise's solutions can be found at airports, banks, casinos, governments, highways, hospitals, hotels, metro and trains, mines, oil companies, prisons, shopping malls, warehouses and many more locations.

This letter is to confirm that Promise Technology is part of the Aimetis Corp. Solution Partner Program and their Video surveillance solutions along with the storage equipment are fully supported by Aimetis Symphony.

With kind regards,

Please contact me for further questions.

Yours sincerely
